## RESPONSES

### RESPONDENT REPRESENTATIVENESS

Of the 378 eligible ambulance services in Nebraska, responses from 269 (71%) are included in the assessment results. This high response rate allows us to confidently report the results of the assessment as representative of all services in the state, even those that did not complete a survey. When responses were broken down by agency and geographic characteristics, response rates ranged from 66% to 78%.

### Respondent and Non-Respondent Agencies by Agency Characteristic

License Level		Runs - Annual #	
Basic	70%	0-49	71%
Advanced	74%	50-249	70%
		250+	75%
